

## EGAO KIDS REUBIOTIC

Helps maintain the balance of  
the intestinal flora of children.

From 3 years

## Features

**Egao Kids Reubiotic** in drops is a food supplement based on probiotics – *Limosilactobacillus reuteri* SGL 01 (DSMZ 25441).

*L. reuteri* is a beneficial bacterium that lives naturally in the intestine. When administered orally, it can colonize the intestine of those who consume it and be used as probiotics, helping balance the microbiota and improving gut health.

An intestinal imbalance could be the cause of certain functional digestive disorders, producing gastrointestinal symptoms that are not explained by known organic causes. This can lead to a constant uncontrolled crying of the infant and worrisome situations for the parents. That's the reason why we have developed **Egao Kids Reubiotic**; to help maintain the balance of the intestinal flora.

### BENEFITS:

- Easy to use.

Specially developed for children.

Manufactured in the European Union.

**Gluten Free**  
**No added sugars**

## Ingredients

Sunflower seed oil, short and medium chain fatty acids, *Limosilactobacillus reuteri* SGL01 (DSMZ 25441), anticaking agent: silicon dioxide.
